-To add to the extra-curricular activities that we already offer.	External specialist sports coaches employed on short term contracts to increase engagement and participation in specialist sporting activities.	Due to timetabling clubs and space available, school staff and Sports Coach have delivered the extra-curricular clubs this year and no other external providers have been employed.	To pre plan in specialist coaches to fit in with the School Sports competition timetable.	£2000

This will mean that we don't get the drop off in progress that we have seen previously.	£17,242

5. Additional detail

Cost of transport has risen dramatically and so costs could potentially be much higher.

Lots of changes within school has meant that we have been unable to deliver on the extra sporting opportunities. However, we now have new, safer, PE storage with new resources that should support staff and the sports coach in delivering high quality lessons. We will be ordering more, so that we have reserves to replace damaged equipment.

This year, with a new timetable and structure, we can look at offering those extra sporting opportunities.
